Oh, Sayuri. Welcome.

I'm coming in, Senpai.

That's right.
Playing video games again it seems...

Sayuri, just to let you know...
Today, let's go to Hello Work, Senpai!

Senpai is a NEET at the moment.
I'd rather bite my tongue off and choke to death than go to Hello Work!!

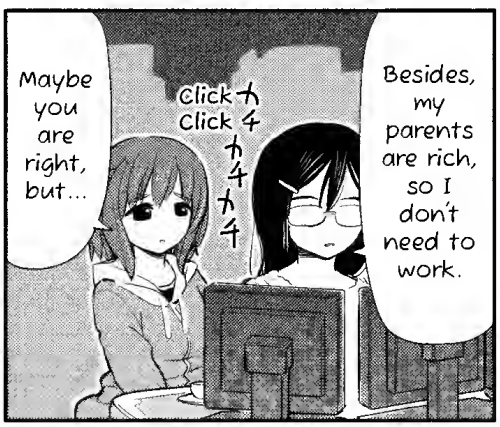
In the game, I have others to talk to besides Sayuri.
At least you should go to the outside world more often and talk to someone else besides me.
Or you'll get even worse.



Maybe you are right, but...

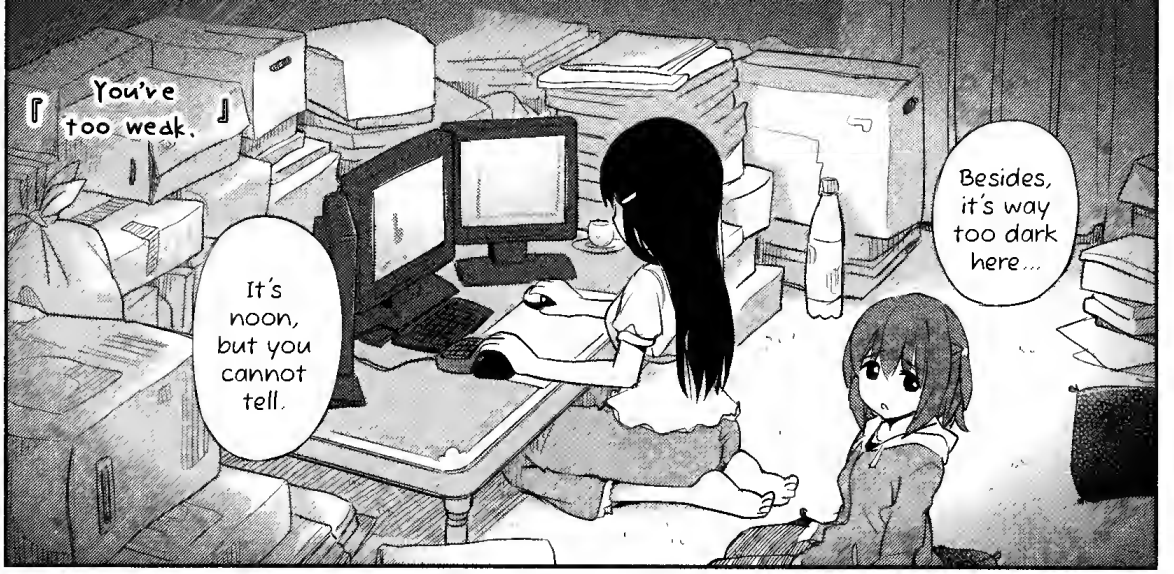
Besides, my parents are rich, so I don't need to work.

So they weren't even real people...
They just keep saying the same things over and over...
What are you talking about? There's no way you could meet game characters in the real world.

You mean friends from an online game...
But I don't think you ever meet them in the real world, or do you?



『 You've too weak. 』
It's noon, but you cannot tell.
Besides, it's way too dark here...

Kyaa-aaah!

Aaa, wait!
Is it OK if I open the curtains?

Ugh...
Senpai?!

Sen-pai?
It's too bright. Close them quickly!
Geez, stop exagg-erating... That's what happens if you always stay in-doors...

『And it's still warm...』

Are you all right, Senpai?
I said, "Wait!" but you didn't listen.
Do you need something else?
A clean towel and cold water, please.
Yes.
I haven't seen sunlight in over ten years, so please be careful.
Okay, I'm sorry...
And throw the contents of this into the toilet on the way.

Eeh?! Don't tell me that's...

It finally stopped... Geez...
I came to persuade Senpai yet I did this to her...
『挽回しないと』
You have to re-covev.
I shall have you help me with the game then.
Eeh...
Hehehehe, it really makes it much easier to acquire points when I have you losing intentionally to me.

Is it really so fun to cheat in a game?
Do games really reward you in any way?
Isn't it just pure self-satisfaction? How about doing something that will make others respect you?

Please listen to what I'm saying!

I'm the one who's ruining Senpai...
Senpai doesn't try to change herself because she's content with her current lifetyle.
But you know what, Sayuri...?
I'm really happy when I play lazily with you like this.
!
『 It's not that bad! 』
You died!

Aargh!
My consecutive victory bonus...
Hey, Sayuri, why are you attacking?! I told you to attack only when necessary!

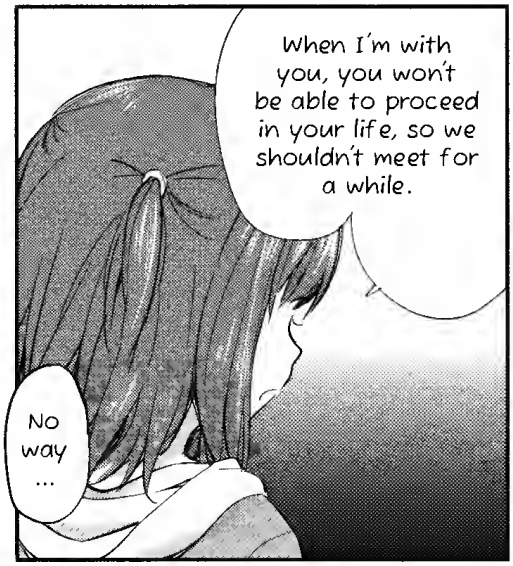
Since I last checked, your face sure got butt-ugly.
It's just like that now.
Finally, you looked this way..
Sayuri!



When I'm with you, you won't be able to proceed in your life, so we shouldn't meet for a while.
No way ...

I won't come here anymore.
Huh?
What a cruel thing to...

I'll go to Hello Work, so please don't go...
Without you, I'm completely alone...
!!

I'm sorry, Sayuri!

SFX: Rattle

I'm a terrible person...
Hah
I coerced Senpai...
I...

Starting tomorrow, I'll get serious about this...
